NOTES

1. GENERAL

China Huajun Group Limited (the “**Company**”) is a limited company incorporated in Bermuda as an exempted company and its shares are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”). The registered office of the Company is located at Victoria Place, 5th Floor, 31 Victoria Street, Hamilton, Pembroke, HM10, Bermuda. The principal place of its business is Suites 903-905, 9/F, Shui On Centre, 6-8 Harbour Road, Wanchai, Hong Kong. The directors of the Company (the “**Directors**”) consider that immediate holding company and ultimate holding company of the Company to be Huajun Group Limited (“**HGL**”), a company incorporated in Hong Kong. Its ultimate controlling party is Mr. Meng Guang Bao (“**Mr. Meng**”), who is the chairman of the Board of Directors and an executive director of the Company.

The Company acts as an investment holding company. The Company and its subsidiaries are collectively referred to as the “**Group**”.

The functional currency of the Company is Hong Kong dollars (“**HK\$**”) while the consolidated financial statements of the Group are presented in Renminbi (“**RMB**”) to enable the shareholders of the Company to have a more accurate picture of the Group’s financial position and performance.

2. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS

In preparing the consolidated financial statements, the Directors have given careful consideration to the future liquidity of the Group in light of the fact that as of 31 December 2021 the Group has capital and other commitments of RMB2,047,628,000 and incurred a net loss of RMB1,784,185,000 for the year ended 31 December 2021.

The Directors consider that it is appropriate to prepare the consolidated financial statements on the going concern basis taking into account the following facts and assumptions:

(i) Continuous financial support from the immediate holding company

The immediate holding company has agreed to continue to provide financial support to the Group when in need. As at 31 December 2021, approximately RMB187,560,000 of advances has been drawn which the immediate holding company agreed not to demand for the repayment until 1 July 2023.

(ii) Negotiation with banks on defaulted borrowings

As disclosed in note 14 to the consolidated financial statements, the Group had breached the repayment terms of several tranches of borrowings and the Directors are in the process of negotiation with the counterparties over the revised repayment schedule and refinancing arrangements.

(iii) Cash inflow from operations

The Group is expected to generate adequate cash flows to maintain its operations.

The Directors believe that, taking into account the above factors, the Group will have sufficient working capital to satisfy its present requirements for the year ending 31 December 2022. However, should the above financing be unavailable (in particular the continuous financial support from the immediate holding company, as well as the renewal and refinancing of existing borrowings), if the Group is not able to generate the expected cash inflows from its operations and to refinance its borrowings, the Group may be unable to operate as a going concern, in which case adjustments might have to be made to the carrying values of the Group's assets to state them at their realisable values, to provide for any further liabilities which might arise and to reclassify its non-current assets and non-current liabilities to current assets and current liabilities, respectively.

3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRS(s)”)

In the current year, the Group has applied, for the first time, the following amendments to Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) which are effective for the Group's financial year beginning 1 January 2021:

Amendment to HKFRS 16	Covid-19-Related Rent Concessions
Amendments to HKFRS 9, HKAS 39, HKFRS 7, HKFRS 4 and HKFRS 16	Interest Rate Benchmark Reform – Phase 2

In addition, the Group applied the agenda decision of the IFRS Interpretations Committee (the “Committee”) of the International Accounting Standards Board issued in June 2021 which clarified the costs an entity should include as “estimated costs necessary to make the sale” when determining the net realisable value of inventories.

The application of the amendments to HKFRSs in the current year has had no material impact on the Group's financial performance and positions for the current and prior periods and/or on the disclosures set out in these consolidated financial statements.

Impacts on application of the agenda decision of the Committee – Cost necessary to sell inventories (HKAS 2 Inventories)

In June 2021, the Committee, through its agenda decision, clarified the costs an entity should include as “estimated costs necessary to make the sale” when determining the net realisable value of inventories. In particular, whether such costs should be limited to those that are incremental to the sale. The Committee concluded that the estimated costs necessary to make the sale should not be limited to those that are incremental but should also include costs that an entity must incur to sell its inventories including those that are not incremental to a particular sale.

The Group's accounting policy prior to the Committee's agenda decision was to determine the net realisable value of inventories taking into consideration incremental costs and other cost necessary to sell inventories.

The application of the Committee's agenda decision has had no material impact on the Group's financial positions and performance.

New and amendments to HKFRSs issued but not yet effective

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective:

Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and the related amendments to Hong Kong Interpretation 5(2020) Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause ³

¹ Effective for annual periods beginning on or after 1 April 2021.

² Effective for annual periods beginning on or after 1 January 2022.

³ Effective for annual periods beginning on or after 1 January 2023.

⁴ Effective for annual periods beginning on or after a date to be determined.

The Directors anticipate that, except as described below, the application of other new and amendments to HKFRSs will have no material impact on the results and the financial position of the Group.

Amendments to HKFRS 3 – Reference to the Conceptual Framework

The amendments update a reference to HKFRS 3 so that it refers to the Conceptual Framework for Financial Reporting 2018 issued in June 2018 (the “**Conceptual Framework**”) instead of Framework for the Preparation and Presentation of Financial Statements (replaced by the Conceptual Framework for Financial Reporting 2010 issued in October 2010). They also add to HKFRS 3 a requirement that, for obligations within the scope of HKAS 37, an acquirer applies HKAS 37 to determine whether at the acquisition date a present obligation exists as a result of past events. For a levy that would be within the scope of HK(IFRIC)-Int 21 Levies, the acquirer applies HK(IFRIC)-Int 21 to determine whether the obligating event that gives rise to a liability to pay the levy has occurred by the acquisition date. Finally, the amendments add an explicit statement that an acquirer does not recognise contingent assets acquired in a business combination.

The amendments are effective for business combinations for which the date of acquisition is on or after the beginning of the first annual period beginning on or after 1 January 2022. Early application is permitted if an entity also applies all other updated references (published together with the updated Conceptual Framework) at the same time or earlier.

Amendments to HKAS 1 – Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020)

The amendments to HKAS 1 affect only the presentation of liabilities as current or non-current in the statement of financial position and not the amount or timing of recognition of any asset, liability, income or expenses, or the information disclosed about those items.

The amendments clarify that the classification of liabilities as current or non-current is based on rights that are in existence at the end of the reporting period, specify that classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability, explain that rights are in existence if covenants are complied with at the end of the reporting period, and introduce a definition of ‘settlement’ to make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services.

Hong Kong Interpretation 5 was revised as a consequence of Amendments to HKAS 1 Classification of Liabilities as Current or Non-current to align the corresponding wordings with no change in conclusion.

The amendments are applied retrospectively for annual periods beginning on or after 1 January 2023, with early application permitted.

Based on the Group’s outstanding liabilities as at 31 December 2021, the application of the amendments will not result in change in the classification of the Group’s liabilities.

Amendments to HKAS 16 – Property, Plant and Equipment – Proceeds before Intended Use

The amendments prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced before that asset is available for use, i.e. proceeds while bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Consequently, an entity recognises such sales proceeds and related costs in profit or loss. The entity measures the cost of those items in accordance with HKAS 2 *Inventories*.

The amendments also clarify the meaning of “testing whether an asset is functioning properly”. HKAS 16 now specifies this as assessing whether the technical and physical performance of the asset is such that it is capable of being used in the production or supply of goods or services, for rental to others, or for administrative purposes. If not presented separately in the statement of profit or loss and other comprehensive income, the financial statements shall disclose the amounts of proceeds and cost included in profit or loss that relate to items produced that are not an output of the entity’s ordinary activities, and which line item(s) in the statement of profit or loss and other comprehensive income include(s) such proceeds and cost.

The amendments are applied retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments.

The entity shall recognise the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.

The amendments are effective for annual periods beginning on or after 1 January 2022, with early application permitted.

Amendments to HKAS 37 – Onerous Contracts – Cost of Fulfilling a Contract

The amendments specify that the ‘cost of fulfilling a contract’ comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract consist of both the incremental costs of fulfilling that contract (examples would be direct labour or materials) and an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

The amendments apply to contracts for which the entity has not yet fulfilled all its obligations at the beginning of the annual reporting period in which the entity first applies the amendments. Comparatives are not restated. Instead, the entity shall recognise the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application.

The amendments are effective for annual periods beginning on or after 1 January 2022, with early application permitted.

Amendments to HKAS 1 and HKFRS Practice Statement 2 – Disclosure of Accounting Policies

The amendments change the requirements in HKAS 1 with regard to disclosure of accounting policies. The amendments replace all instances of the term “significant accounting policies” with “material accounting policy information”. Accounting policy information is material if, when considered together with other information included in an entity’s financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements.

The supporting paragraphs in HKAS 1 are also amended to clarify that accounting policy information that relates to immaterial transactions, other events or conditions is immaterial and need not be disclosed. Accounting policy information may be material because of the nature of the related transactions, other events or conditions, even if the amounts are immaterial. However, not all accounting policy information relating to material transactions, other events or conditions is itself material.

Guidance and examples were provided to explain and demonstrate the application of the “four-step materiality process” described in HKFRS Practice Statement 2. The application of the amendments is not expected to have significant impact on the financial position or performance of the Group but may affect the disclosures of the Group’s significant accounting policies.

Amendments to HKAS 8 Definition of Accounting Estimates

The amendments to HKAS 8 introduce the definition of ‘accounting estimates’. The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, they clarify how entities use measurement techniques and inputs to develop accounting estimates.

The amendments are effective for annual reporting periods beginning on or after 1 January 2023 and apply to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period, with earlier application permitted.

The application of the amendments is not expected to have significant impact on the Group’s consolidated financial statements.

11. LOSS PER SHARE

The calculation of the basic and diluted loss per share attributable to shareholders of the Company is based on the following data:

	2021 (Unaudited) <i>RMB'000</i>	2020 (Audited) <i>RMB'000</i>
Loss		
Loss for the purposes of basic and diluted loss per share (loss for the year attributable to shareholders of the Company)	<u>(1,778,008)</u>	<u>(1,573,818)</u>
	2021	2020
Number of shares		
Weighted average number of shares for the purposes of basic and diluted loss per share	<u>61,543,075</u>	<u>61,543,075</u>

The computation of diluted loss per share does not assume the conversion of the Company's outstanding convertible bonds since their assumed conversion would have anti-dilutive impact in the years ended 31 December 2021 and 2020.

The computation of diluted loss per share does not assume the exercise of the Company's share options because the exercise price of those options was higher than the average market price for shares in both years.
